We respectfully submit our report of the Barnstead Free Public Library.

The annual interest from the Sarah Ursula Foss fund, which is to be used first for upkeep of the building, has been appropriated.

By way of improvements quite a few repairs have been made. One coat of paint was applied to the outside of the building last fall; another will be needed in the spring. The furnace room was whitened and a few minor things done. Charles Young and George Sackett were employed to do the work. A few necessary supplies have been bought.

Books to the amount of fifty dollars have been purchased. These have been carefully selected from the leading authors. Especial attention has been given to the choice of books for the young people, realizing how important it is to provide them with good literature, so that their young minds may be trained to appreciate and seek after the best in life.

Mrs. Currier of Concord, formerly of Barnstead, presented us with a collection of books, for which we publicly express our thanks.

The electric lights which were installed a year ago, when electricity was brought into our village, have been greatly enjoyed.

The library will be open Tuesday and Saturday afternoons from 2 until 5 o'clock, and Saturday evenings from 7 until 9, except holidays.

MRS. MYRA A. GEORGE,
Librarian.

MRS. CARRIE A. SEWARD,
MRS. ABBIE HILL,
Library Trustees.

We, the undersigned, certify that we have examined the accounts of the Selectmen, Town Clerk, Treasurer, Collector, Library Trustees, Road Agents and Trustees of the Trust Funds for the year ending January 31, 1927, and find them correctly cast and properly vouched.

HERBERT M. HILL,
FRED FOSS,
Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Barnstead School Board:

I herewith submit my fourth annual report as superintendent of schools.

TEACHING FORCE.

Several changes in the teaching force were necessary during the school year. In addition to those mentioned in my report last year there were those at the South Barnstead school during the spring term. Mrs. Mary Sweeney, a graduate of the Bridgewater Normal School, was engaged to fill the vacancy caused by the resignation of Mrs. Rockwell. She went home sick after three weeks of service. Miss Mabel Perry then helped out until another teacher (Mrs. Roxy E. Carroll) could be secured.

At the end of the year six vacancies occurred. Of the six teachers employed to fill these places five are graduates of normal schools and the sixth has had several summers' training and holds a State certificate. The following table indicates the schools open this year, the teacher of each, her salary, and the enrollment.

School.	Teacher.	Salary.	Enrollment.
Parade, I-IV.....	Dorothy E. Thompson.....	\$900	23
Parade, V-VIII.....	Minnie A. Swinnerton.....	1050	17
Center.....	Hazel A. Gray.....	1200	26
South.....	Dorothy Mattson.....	850	16
Locke's Corner.....	Coran K. Davis.....	700	9
Shackford's Corner.....	Jean A. Skinner.....	850	10
Beauty Hill.....	Bertha J. Parmenter.....	850	6
Dennett.....	Dorothy French.....	850	13
		\$7250	120

Miss Thompson is a graduate of the Plymouth Normal School and has had one year's experience. Miss Swinner-ton also is a graduate of Plymouth and has had five years' experience. Miss Mattson graduated last June from the Sa-lem Normal School. Miss Skinner has had six years' ex-perience, has attended several summer sessions of the Ply-mouth Normal School and holds a State certificate. Miss Parmenter graduated last June from the Keene Normal School, three-year course. Miss French is a graduate of the Dewey Training School at Concord, N. H. Miss Gray at-tended the Plymouth Normal School the past summer. Mr. Davis is working for a State certificate by home study and is taking the State examinations. Barnstead thus has the best qualified force of teachers that it has ever had.

TEACHERS' MEETINGS.

Because of the great difficulties experienced by teachers in getting to a central meeting place, it has not been possible to hold teachers' meetings every month, but when the travel-ing permits, they are held according to schedule. At the three meetings held this fall the chief topics discussed were the daily time table and pupils' marks.

The State Board of Education held an institute for rural teachers at Gilman-ton Iron Works on September 30. It was attended by all the Barnstead teachers and they found it ex-ceedingly helpful. Teachers' meetings and institutes are highly important means of improving the quality of instruc-tion in the schools and it is regrettable that more cannot be held.

HEALTH SUPERVISION.

During the year three school nurses were engaged to do health work in the Barnstead schools, but for reasons best known to herself each nurse notified the superintendent that she could not do the work as she had agreed. Efforts have been continued this year and at the time of writing this re-port an agreement exists with Miss Katherine A. O'Donnell

to begin work in April. Miss O'Donnell has been doing excellent work for the past year in the Pembroke supervisory union. The following report of the medical examiner shows the need of her services.

REPORT OF MEDICAL EXAMINER.

Examiner: F. B. Argue, M. D.

Approximate date of examination: June, 1926.

PROMOTIONS.

At the end of the school year the number of pupils promoted to Grade II was 16; to Grade III, 17; Grade IV, 22; Grade V, 11; Grade VI, 12; Grade VII, 16; Grade VIII, 11, and to high school, 13. The names of the pupils who completed the elementary school work are as follows: Philip Brown, Fred Carr, Sherwood Cleveland, Cora Clough, Ruth Emerson, Forrest Lindquist, Evelyn Littlefield, Olga Littlefield, Robert McAllister, Madeline Merrill, Adelyne Stewart, Dorothy Welch, and Harold Wiedland.

Last June graduation exercises were held at the town hall. An interesting program was presented by the American Leg-

ion and Auxiliary co-operating with the schools. This event was the first of its kind for Barnstead, for a number of years at least, and I hope that a precedent has thus been established.

Aggregate number of half days attendance for all pupils,
40,475.

BUILDINGS.

Considerable repairing has been necessary during the past year. The schoolhouse at the Parade has been painted outside and inside, and the shed and fence have been painted. At the Center the schoolhouse and shed have been shingled. At South Barnstead the west side of the schoolhouse roof has been shingled and new blackboards have been installed. My thanks go out to the citizens of this community for their splendid interest in their school, which has made possible the purchase of this much needed equipment. As this report is being written, a combination heater and ventilator is on its way for the primary room at the Parade.

The improvements that should be made in the near future are: Center, blackboards; South, heating; Shackford's Corner, blackboards; Locke's Corner (if used), seating, blackboards, and heating; and Dennett, seating.

GENERAL REMARKS.

I believe the progress of the Barnstead schools is excellent; the teachers are working conscientiously and intelligently for the good of the boys and girls; modern methods of instruction are being used, and modern text books have been adopted. The health of the pupils has been considered in the furnishing of sanitary water coolers, paper drinking cups, and paper towels, in the improvement of toilets, of seating, lighting, heating and ventilating conditions, and in the adopting of the policy of employing a school nurse. Money used for such purposes is not spent but invested, and an investment in children's education and health is the best investment that a community can make. The future administration of the Barnstead schools should provide for the continued improvement of buildings and equipment and for the maintenance of the present policy of employing only well trained and capable teachers.

CONCLUSION.

In concluding this report I wish to express my appreciation of the encouraging co-operation I have received from teachers, school board, citizens and pupils.

Respectfully submitted,

L. B. BADGER,

Superintendent of Schools,

Supervisory Union, No. 49.
